

Drop-off and Pick-up Procedures

Never have a child walk in front of a car that is in BJE's circular drive. Students should only be dropped off and picked up at the curb. If you prefer, you may park your car in the parking lot to unload or load your passengers there.

Remember that early pickup of your child from class must be approved by the Director's Office. To pick up your child early, please park your car. A parent or someone designated by the parent must come into the building to the Hebrew School office to request the child be released from class. A photo ID must be presented. This is for the safety of your child and it helps us to keep track of our students.

Important Note: The circular drive in front of the BJE is a fire lane; it is a **No Parking Zone**. You may pull around to pick up/drop off students, but you may not park there in order to come inside the building for a conference, special event, or any other reason. Parking is available in the large lot across from the Federation building, in the small lot on the side of the BJE, and in the large lot in the back of the campus.
